Four elementary, natural stages in the artisanal Elements process. Our ELEMENTS range goes back to basics, the perfection of pure simplicity. It is the creation of delicious bread by a combination of natural elements according to the art of the craftsman. Selection of 100% natural ingredients, adding the correct volume of water produces a fluid dough and a more airy bread, long rising time in special tubs in an enclosed environment with specific temperature control to optimise the taste and finally the entire range is baked on stone.

ADVANTAGES OF OUR ARTISAN & SOURDOUGH BREADS

- Special taste and structure: A firm, yet moist crumb, a crispy crust and pronounced, complex taste.
- Made from 100% natural ingredients.
- According to nutritional experts, sourdough bread is easier to digest,
- Artisan-produced bread with a slow mixing process and long resting time ensures the bread stays fresh for longer.
- Revival of traditional methods our breads are baked on stone.
