Bringing together

a wealth of blending and retail experience both the Caffè Dolce brand and the blends have been lovingly created to give an outstanding quality product for every application.

Whether it's beans, filter, bulk brew or Cafetiere, the Caffè Dolce product range delivers every time.

Exceptional Blends, Exciting Brand!

Where other brands look good but can let you down on the true sense evoking and enjoyment aspects of coffee, Caffè Dolce delivers!

The very highest quality beans are sourced worldwide from Central & South America, Africa, and The Far East to go into these exceptional coffees. The blends are then created ensuring that all blend strengths and subtleties marry to produce the finest coffee products for every application. All Caffè Dolce coffees are screened to ensure clean, even sized beans and are blended in a way to guarantee recipe balance and consistency. The beans are slow roasted to ensure the oils are retained within the bean, thus locking in a rich full flavour.

Compete with the nationals

The Caffè Dolce brand has been designed to make exceptional quality coffee accessible to the independents at a price that will let you compete with the nationals and make a happy profit! That's why, as well as providing Point of Sale support, Caffè Dolce has a range of traditional branded crockery, sugar sticks and take-away cups, all available in sensible quantities.

Setting up made simple

Deciding what machinery you need and how to set it all up can seem difficult and time consuming. Our 'Keeping Coffee Simple' service is designed to make this easy for you. We've done the research and found what we believe to be the very best machines for most needs. Our trained staff will help you choose the machinery and set-up that's right for you and your business.

Plus, being a one-stop-shop, we can also provide you with all the machinery cleaning products you will need... all with your usual delivery from Total Foodservice!

Barista Training

To support you after installation, we offer our customers the opportunity to receive FREE Barista training at our dedicated training rooms in our Huddersfield Depot. This is very popular and places are limited so booking is essential on a first come first served basis.

Or if you prefer, we can arrange for training to be done at your own premises for a fee. Ask us for more details.
